TUITION PROGRAM INCLUSIONS

WEEKLY CLASSES

Our classes are purposeful, interactive, and face-to-face. You learn actively in an environment of genuine academic rigour – no copying down bullet points from a slideshow. Each class is **2.5 hours long**, and begins with a short quiz that solidifies your understanding of previous material.

WEEKLY CLASS RESOURCES AND HOMEWORK

We design our resources to be used as revision material. They cover all syllabus dot points comprehensively, including practicals, and include plenty of worked examples, both regular and challenging. Your homework is made up of exam-style questions. Sample responses and marking criteria are distributed upon submission.

GRADED CLASSES AND TERMLY EXAMINATIONS

- Classes are graded. Entry to the A class for each subject is competitive and subject to availability.
- When commencing your enrolment, your eligibility for the A class will be determined by your performance in a 60-minute entrance examination administered in-centre.
- At the end of each term, you will undertake an examination under supervised conditions, providing intensive practice under time pressure. Your result will determine your eligibility for the A class in the following term.

PRICING PER TERM
